Feedback from families and professionals

Excellent event, Well done on such a good event, very well organised and well advertised.

We're so grateful for the amazing time we had - Thank you very much!

So amazing to see SEND as the majority not the minority!

I didn't realise there was so much support in the city.

Thank you! It was great to speak to some of the professionals face to face rather than via email.

You Said	We have heard and are planning too ...
There was long queues for the ice cream van and they ran out of flakes	Next year we are planning on having 2 ice cream vans.
There was no baby changing	Improve sign age for the baby changing.
Difficult to find parking when we arrived at 10.15.	explore other venues with more parking for families.
There was some issues with the inflatables.	We are planning on using a different company for inflatables next year who can also bring more and have more staff at the inflatables.
